

any details that could identify you. The data will be archived and anonymized by 01.01.2019. With your permission, we would like to retain your contact information until the end of 2020.

The benefit of this research is that you will contribute to the further development of universally designed ICT. There will be no direct benefits to you in taking part, but there will also be minimal risk. In addition, you can refuse to answer any questions and are free to stop the interview at any time.

If you do not want to take part in the study, you have the right to refuse, without any penalty. If you decide to take part and later no longer wish to continue, you have the right to withdraw from the study at any time, also without penalty.

If you have questions, concerns or complaints about the study, please do not hesitate to contact us. If you have questions, concerns or complaints that you want to record with someone other than the researchers or if you cannot reach a researcher, please contact HiOA reception at +47 67 23 50 00.
